

MicroSale

MicroSale is a point of sale (POS) system designed specifically for restaurants and small stores. This system combines the reliability of the Windows platform with the flexibility of the cloud environment². MicroSale facilitates seamless transactions and integrates with critical business functions such as inventory management and CRM (Customer Relationship Management)

Some of MicroSale's key features include:

Self-service and kiosks: Allow customers to order and pay autonomously.

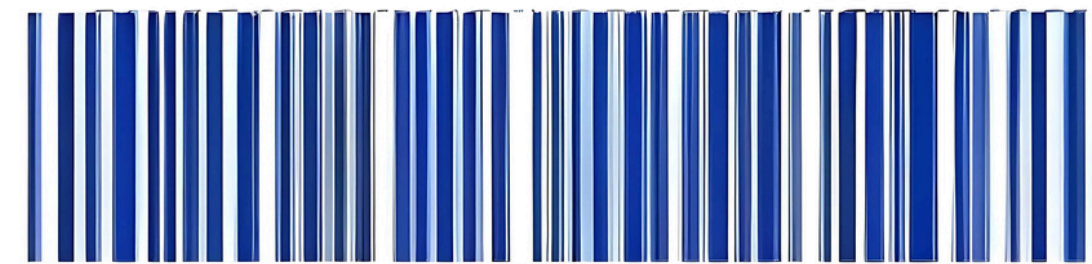

Dynamic order entry: Manage orders from different channels (in-person, online, delivery apps).

Barcode support: Facilitates inventory management and label generation.

Contactless payments: Supports QR payments on receipts and contactless payments using just a smartphone.

- **Full integration:** Connects all parts of the restaurant into one integrated system.

TEEPOS

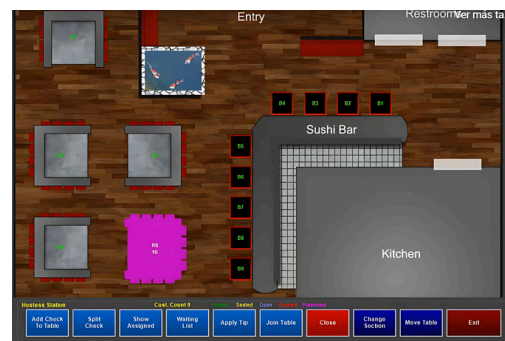

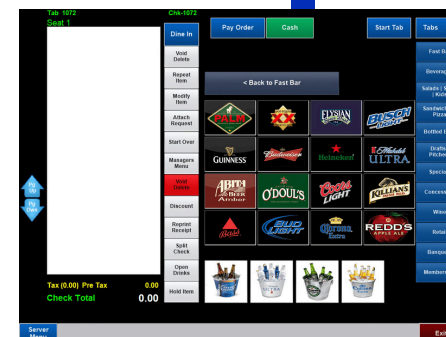

Table Management

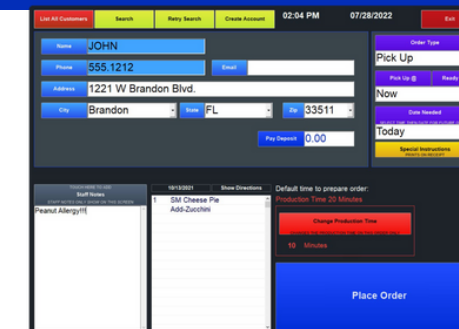

- Customizable Table Layouts – Create intuitive, color-coded floor plans tailored to your restaurant’s unique layout.
- Real-Time Table Status – Track open, occupied, and reserved tables at a glance to optimize seating.
- Integrated Reservations – Seamlessly manage reservations and pre-orders directly from the POS system.

Server Performance Tracking – Monitor staff efficiency with insights into table turnover and service times.

Bars/Breweries

- Customizable Table Layouts – Create intuitive, color-coded floor plans tailored to your restaurant’s unique layout. Real-Time Table Status – Track open, occupied, and reserved tables at a glance to optimize seating. Integrated Reservations – Seamlessly manage reservations and pre-orders directly from the POS system. Server Performance Tracking – Monitor staff efficiency with insights into table turnover and service times.

Fast Service

- Takeout Management
- From phone orders to Uber Eats, MicroSale's pizza POS brings all your takeout channels together in one easy-to-manage dashboard. Stop juggling multiple platforms and start focusing on what matters: serving great pizza.
- Save time and offer a personal touch with MicroSale's call-in interface. Automatically save contact details, special requests, staff notes, and order history. Always know exactly what your customers need.
