The Ishida Uni-7: More Than Just a Scale

- **Standardize Retail Price-Computing:** Whether operated from a back room, poised on a deli counter, or suspended somewhere in between, Ishida's Uni-7 is a must for today's modern retail settings. The complete Uni-7 Series showcases models for every station type, each a completely networkable scale base and printer, and each a variation on the same highly functional Uni-7 interface.

Front and center is the Uni-7's sleek titanium appearance and one-of-a-kind color touchscreen. Users can customize the display with their own unique product categories and PLUs. For the most lifelike experience, a tactile sensation and audible tone signals each press of a button. But that's just the beginning. Uni-7 is equipped with a quick-change, front-loading label cassette, and multilingual capability. Easily manage everything from frequent price changes to future meat and nutrition-labeling tasks.

Innovation at its best, Ishida's Uni-7 Series is the tool of choice for unifying workspaces everywhere.

- **Uni-7 Bench and Pole:** A perfect counter-level or bench-top device, this all-in-one scale offers weighing, printing and price computing. Advertise directly to your customers on their own full-color display, housed within the scale itself (bench model) or on an elevated pole.
- **Uni-7 Hanging:** The only hanging scale on the market with a full-color touchscreen. This space-saving, suspended design cradles product in its bowl-shaped pan. Keypad and display remain at eye level, away from busy work areas or moisture.
- **Uni-7 Self-Serve:** Thanks to a simple, customized large-button keypad and pole-mounted color display, selfservice applications are more feasible than ever. Customers view images for each PLU and follow instructions to weigh and print labels for their own merchandise.

Ishida Uni-7 Price Computing Scale/Printer/Color Touchscreen Info Product Specifications

Capacity (Dual Range):

0 to 15 × 0.005 lb, 15 to 30 × 0.01 lb

Capacity (Single Range):

0.60 × 0.02 lb option

Display:

Operator: Color LCD, 7 in

Customer: Color LCD, 7 in

Display Items:

Tare: Four-digits

Unit price: Six-digits

Weight: Five-digits

Total price: Six-digits

Preset Keys:

1980: 20 × 99 pages

Memory Capacity:

4 MB expandable to 2 GB

Communications:

Static TCP/IP 10/100 Base T

Ethernet

Wireless WEP/WPA/WPA2

Interface:

USB port (backup and restore only)

Platter:

15.7 × 10.8 in (398 × 275 mm)

Print Head:

Direct thermal 2.2 in head (56 mm)

Print Speed:

3.2/ 3.9/ 4.7/ 5.9 in/sec
(80/ 100/ 120/ 150 mm/sec)

Label Size:

Width: 1.2 to 2.5 in (30 to 64 mm)
Length: 0.8 to 7.9 in (20 to 200 mm)

Label Roll:

Inside diameter: 1.6 in (40 mm) min

Outside diameter: 3.9 in (100 mm)
max

Label Backing Paper:

Width: Up to 2.6 in (66 mm)

Power Supply:

AC100 to 240 V, 50/60 Hz

Power Consumption:

Stand-by: 50 W

In operation: 120 W

Classification:

NTEP CC 07-099

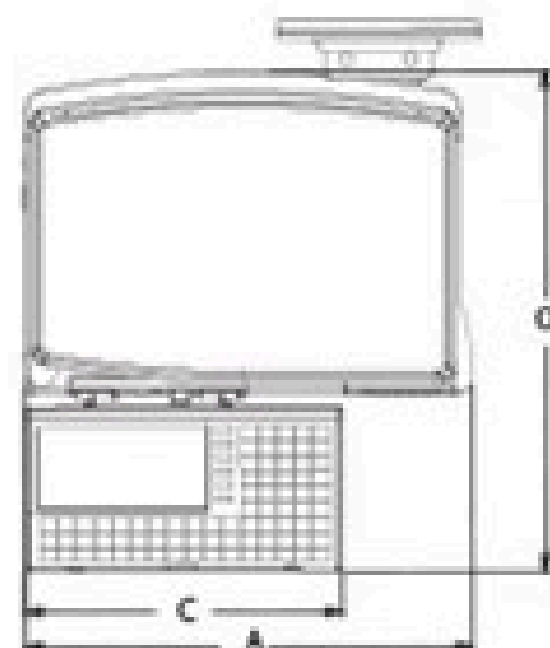

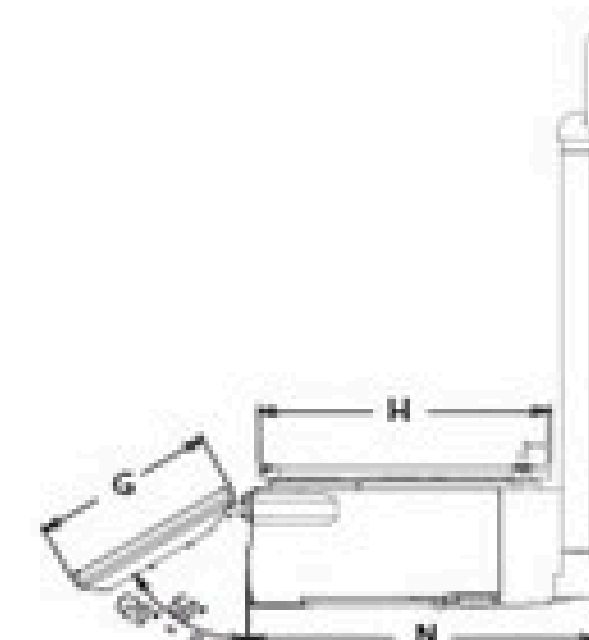

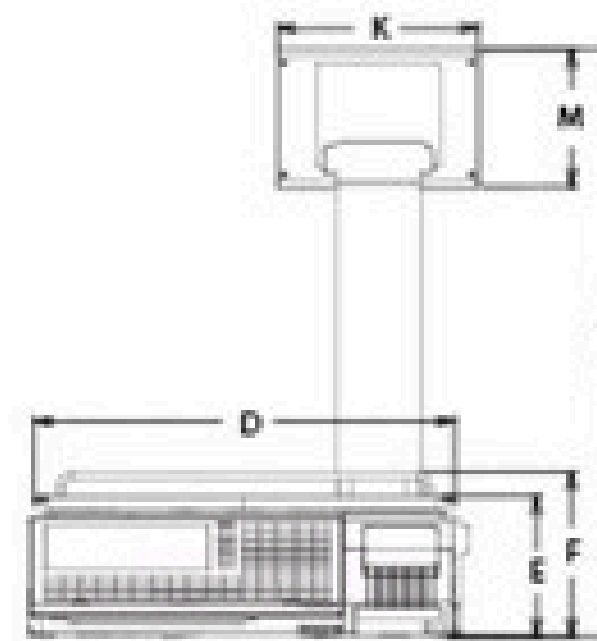

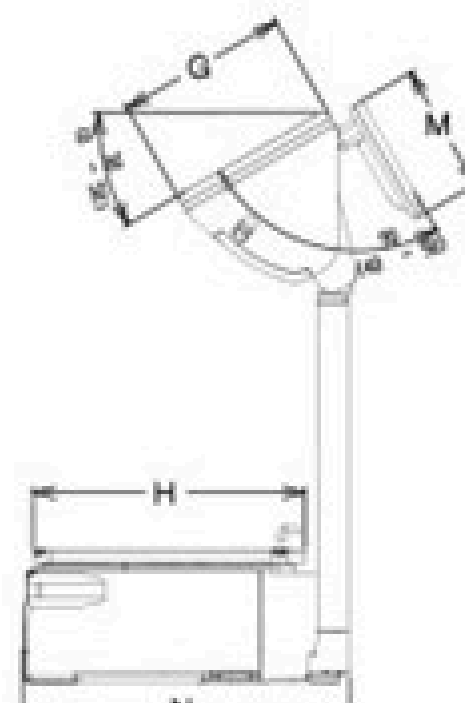

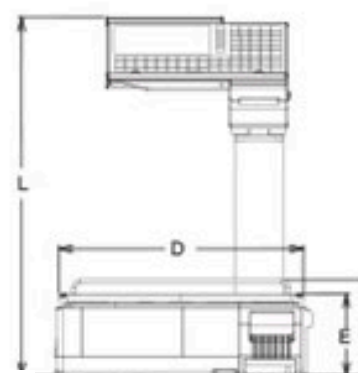

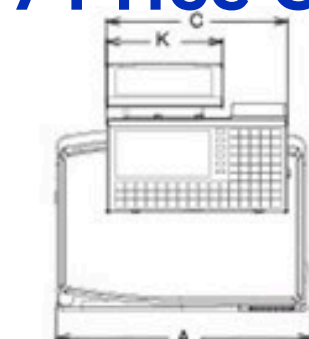

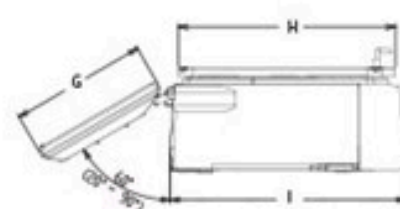

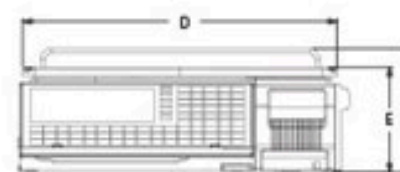

UL listed

Warranty:

One-year limited
